extremely obliged
by your giving

to be inserted in
the page) If it
is inconvenient
to do it on wood
then a drawing
on paper which
could be transferred
to wood will
suit us. I should
like it the size

of life and the
wings in the
natural position
& another equal to
the wings open
to shew the
yellow bars
across the
after part of the
body - the wings
project beyond
this part in this

[Small sketch of the tsetse's natural position]

Please send it
to M^r Cooke M^r
Murray's cousin
as that gentleman is
at present absent
He is at this address
I thank you most
heartily for your
prompt attention
to my request
